

Dr Roshan Thawale

Consultant in Anaesthetics and Pain Medicine

Dr Roshan Thawale is a consultant in anaesthetics and pain medicine with extensive experience in managing patients with complex chronic pain.

He offers advice and treatment to patients suffering from all types of short term and persistent pain, including the knee, back, neck, elbow and shoulder pain, as well as abdominal pain and complex regional pain syndrome.

He is committed to providing excellent care to his patients using a holistic, patient-centred and patient-focused approach to ensure the best management plan.

He performs various pain relief procedure for headaches, face, neck, shoulder, elbow, wrists, hands, rib, abdomen, back, hip, tailbone, knee, ankle and foot. In addition, he also treats patients with post-surgical pain.

In addition to his clinical work, he also really enjoys being involved in training and education of pain medicine to trainees of other specialties, student nurses and colleagues from other sub-specialties. He is currently lead for ultrasound guided outpatient pain relief injections and oro-facial pain for his NHS base, Epsom and St Helier Trust.
